

Enviro Mechanical Sales, Inc.

THERMACOR PROCESS INC.

- Pre-Insulated & Engineered Piping Systems
- Field Service and Engineering Services
- Sticks and Kits Systems

EMCO/SPIRAX SARCO FLOW SYSTEMS

- Flow Meters for liquid, steam or gas
- BTU/Energy Flow Processors, Temp and Pressure Transmitters
- Turbine, Vortex, Thermal Mass, Differential Pressure, Ultrasonic, Electromagnetic, Orifice Plate Technologies

ENGLISH BOILER

- Industrial Packaged Water Tube Boilers
- Solid Fuel and Modular Boilers
- Biomass Systems

ALFA LAVAL (INDUSTRIAL)

- industrial Heat Exchangers and Separation Equipment

KENTUBE

- Design, Engineering & Fabrication Boiler Tubes and Economizers
- Tektubes / X-ID Tubing

CONDEX CONDENSING ECONOMIZERS

- Condensing economizer systems-custom engineering
- Energy recovery systems

INDUSTRIAL HEAT TRANSFER, INC

- Finned tube heat exchanger coil units
- Combustion air inlet cooling, transformer oil coolers, motor & generator coolers, intercoolers, aftercoolers, waste heat recovery and Military spec oils

MARLEY AND RECOLD COOLING TOWERS/FLUID COOLERS

- Serve HVAC, Power, Industrial and Refrigeration Markets
- Factory and Field Assembled Cooling Towers and Fluid Coolers
- Online Sizing Software

SYNCROFLO, INC

- Packaged and Engineered Pump Skids
- Retro-fit Applications and VFD conversion
- Online Sizing Software

HYSPAN PRECISION PRODUCTS

- Metal Bellows & Packed Slip Joints
- Venturi Flow Measurement Systems
- Pump connectors, metal braided hose
- Barco Ball Joints

PEP FILTERS

- Automatic, self-cleaning, pre-engineered filter systems
- Disc Filtration and Media Filtration
- Packaged systems, sweeper jet nozzles, screen filters

PAUL MUELLER COMPANY

- Plate and Frame Heat Exchangers
- Stainless Steel, Titanium, Hastelloy, Nickel and many more plates
- Online Sizing Software

GRISWOLD WATER SYSTEMS

- Chemical-free water treatment system for cooling towers

COILMASTER CORPORATION

- Custom heat exchanger coils, fluid coolers and remote air cooled condensers for OEM and replacement markets
